

# FLUENT 36 INCH PACKAGE HANDLING CONVEYOR

Fluent 36 Inch PH Series of conveyors are most commonly used in both manual and automated package handling conveyor systems as both loading and unloading conveyors. These conveyors are typically paired with a VFD and have speeds optimized for each part of the sort line ranging from 20 feet per minute to over 150 feet per minute. These conveyors can be purchased in sections (tail sections, center drives, intermediate sections) or as a full conveyor. This series comes standard with PVC belting, side guarding, bottom guarding, safety guarding and can be engineered to meet the specific package handling application requirements.

## Common Application Usages

- Residential Packages
- Business Class Packages
- Tablet Boxes
- Small Electronic Boxes
- Laptop Boxes
- Golf Club Tubes
- Heavy Material Boxes
- Wardrobe Boxes
- Square Boxes
- Specialty Boxes
- Flat & Rectangular Boxes

Fluent Conveyors is a premier engineering and manufacturing company headquartered in the Rocky Mountain Region with over 50+ years of combined conveyor engineering and manufacturing experience.
