36” PVC/Rubber Cleated Conveyor Belt

Fluent Steel Rubber or PVC slider bed conveyor belts come in a wide variety of widths and lengths. These belts are typically used for conveying materials such as: glass, paper, plastics, e-scrap, dirt, sand, ONP, OCC and more. These conveyor belts can be made to order for customer widths not to exceed 72” for both rubber (1 ply, 2 ply, 3 ply, 4 ply) and PVC (PVC 100,200,300,400). These belts can be used in both wet, dry and high-temp environments on horizontal and/or inclines with a nose over.
