

Fluent Standard 4 Man Sort Station

Fluent 4 man sort stations offer robust and economical manual sorting solutions. The Fluent 4 man sort station can be used to separate up to 4 different types of material from the main stream. The separated materials can be fed into bins, roll offs, or other conveyors. The Fluent 4 man Sort Stations come with two 48" wide Fluent SB series conveyors to feed up to, and across the sort station platform. The inclined conveyor is provided with a steep climb belt as standard (other cleat options are available). The sort conveyor is provided with a cleat free belt and belly rests to improve sorting comfort. The Fluent 4 man sort station comes complete with controls (optional touch screen), e-stops and pull cords. The Fluent 4 man sort station is a complete plug and play system.

Common Application Usages

- Agricultural
- Bio-Fuel
- MSW
- Single Stream
- E-Waste
- Plastics 3-7
- PET
- HDPE
- Non-ferris metals
- Mixed Paper
- OCC
